Last night's dream:

Two women each one accused
me of stealing these "rocks" from them,
from their gardens. They knew
each other too. They were trying
to pin this "theft" on me and force
me to apologize but they couldn't
come up w/ the evidence to do
that.

I know what this means. This
has to do w/ me giving Flox Bennett
a copy of my journal. They will
"contradict" the information I
provide, and accuse me of "stealing"
this info but their claims are
vague and unfounded and therefore
it will be impossible for them
to come up with any evidence to
prove their false claims.

It's interesting to note that these
two women were "civilians".

One was nasty, the other was not.

They were close in age but the 1st one
the 2nd one, or
the nastier one and the 2nd one
